

Market Update – Impact of Cyclone Gabrielle

We are pleased to advise that all our people in the Hawke's Bay are safe after Cyclone Gabrielle. Our priority remains the safety and wellbeing of our employees and their families. Delegat Group would like to thank our Hawke's Bay teams for their collective resilience, team spirit and positivity.

Our Hawke's Bay winery and vineyards have not been damaged significantly by the cyclone and we continue to assess the impact on equipment and infrastructure at these sites. We now have access to our Crownthorpe vineyard and we are working towards further improving this access over the course of this week.

We are on track for a successful harvest in Hawkes Bay commencing around the end of February.

A further update will be provided with Delegat's interim results, scheduled for Friday 24 February 2023.
